

**Fred Darlington** is vice president of engineering and technology for Raytheon Technical Services Company LLC (RTSC), a wholly owned subsidiary of Raytheon Company. RTSC provides technical, scientific and professional services for defense, federal and commercial customers worldwide. Darlington was appointed to his current position in October 2006 and is a member of the RTSC Leadership Team.

Darlington leads the planning and execution of RTSC's engineering and technology organization. He is responsible for strengthening RTSC's engineering capability, defining and supporting RTSC's current and future technology needs and working collaboratively across the Raytheon enterprise to leverage the company's diverse technology and engineering talent.

Prior to joining RTSC, Darlington served as director of the satellite communications product line for Raytheon Network Centric Systems (NCS) in Marlboro, Mass., and director of engineering for the NCS northeast region, including Canada. In this role, he managed \$250 million of business and was responsible for the design, development, production, deployment and sustainment of multiple satellite communications systems for the U.S. and foreign governments.

## Biography

With 25 years of service with Raytheon, he has held several engineering and management positions of increasing responsibility. In his previous role as regional director for Northeast Engineering within NCS, Darlington was also responsible for the administration, technical direction, performance and risk management functions of NCS Northeast programs.

Darlington is a certified Raytheon Six Sigma expert, and he has also completed Raytheon's Business Leadership Program.

Darlington actively participates on the Raytheon Engineering and Technology Council. He is a member of the Institute of Electrical and Electronics Engineers, Armed Forces Communications and Electronics Association, and the National Defense Industrial Association.

He holds a Bachelor of Science degree in electrical engineering from Marquette University in Milwaukee, WI.

Darlington lives with his wife, Jean, and their three children.
