ASSURING MISSION SUCCESS

November 17–19 San Diego Convention Center

Tim Hughes

Tim Hughes

Senior Engineering Fellow, MANET Technical Director
Raytheon Company

Tim Hughes is a senior engineering fellow in the Network Centric Systems (NCS) business of Raytheon Company in Fullerton, Calif. Hughes serves as the advanced networking technologies director for NCS, the networking PI for several Defense Advanced Research Projects Administration (DARPA) programs and he is directly responsible for the success of the integrated network/link/MAC/PHY cross-layer solutions. He guides the overall network architecture to support multiple radio sets working under a homogeneous routing layer and serves in the pursuit of CRAD in Mobile Ad-Hoc Networking Technologies (MANET), large system architecture programs and in support of digital radio programs.
